variety of parts & supplies.”**

QUOG ELLEX - “The Source”

**Your Complete Bindery and Parts Supply House
for over 50 years.**

Dear Friends,

Our new catalog is designed to help you select from over 20,000 parts, supplies and equipment items, an inventory among the largest in the bindery industry. We'll gladly offer expert advice from rebuilding your folder, to providing help in choosing the right supply item for your application. At Quog Ellex, we're dedicated to serving you for all your equipment and production needs.

Put our half century of experience in the bindery to work for you. Give us a call.

Thank you,

Chris Mitrzyk
President

P. S. Do you have a friend who
would like a copy of this catalog?
Call toll free to request extra copies.

Why Put Up With It?

At Quog Ellex you'll actually get a real person who will be happy to help you. We pride ourselves for being large enough to handle all of your equipment needs, but small enough to give you the kind of personal attention that you deserve.

GUARANTEED!

At Quog Ellex we guarantee the quality of our products or your money back.
Immediate shipment of in-stock parts when you order by 3PM (eastern).
Error-free shipping and billing ... or you get free shipping!

THE QUOG ELLEX ADVANTAGE

- ✧ BROAD PRODUCT SELECTION
- ✧ PREMIUM QUALITY PRODUCTS
- ✧ FAST SHIPMENT
- ✧ "HARD TO FIND" ITEMS AVAILABLE
- ✧ LOWER PRICES
- ✧ MONEY BACK GUARANTEE
- ✧ LARGE INVENTORY IN STOCK
- ✧ SUPERIOR REPUTATION
- ✧ FRIENDLY & RELIABLE SERVICE

TEST US WITHOUT BUYING A THING... *Free Technical Advice*

Our representatives have extensive product knowledge, and will help you with many common application or repair problems. They will assist you to determine which wire gauge is the right size for your machine. They will explain how to disassemble and repair stitcher and drill heads, or specify gauge block settings for installing new fold rollers.

BINDERY SUPPLIES

TESA & CLOTH ROLLER GRIP TAPES

Used on folding machines for better control of coated and light stocks. Economical Cloth Tape, or use Tesa Tape - where nothing else works. Different widths available.

TEFLON™ OR VELCRO™ MARK PREVENTION TAPES

Apply wherever marking occurs. Works on stitchers, folders and presses. Different widths available.

Velcoins™ Also Available - Pressure sensitive round discs of hook & loop for special applications.

CLOTH BOOKBINDING TAPE

Recommended for spine binding. Many colors and widths available.

STATIC TINSEL

Conductive copper core tinsel to discharge static away from paper. A must for all folders. 72' per Box, 12 Boxes per Case.

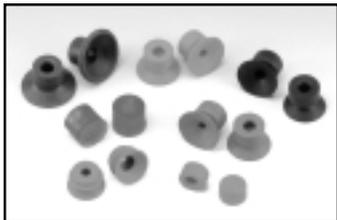

PADDING SUPPLIES

COLD PADDING CEMENT - (qts./gals.) water soluble, in red or white.

CEMENT APPLICATOR BRUSH

PADDING KNIVES - Round Tipped or Square Point - excellent for cutting pads apart.

ADJUSTABLE PAD COUNTER - for dividing pads into equal parts. Sizes: 2", 3" and 5" capacity.

SUCKERS

Available for McCain, Muller-Martini, Rosback, Omni and Omega Binders. Flat suckers also available. Call for our complete selection of vinyl and rubber suckers.

WAFER SEALS

Pressure sensitive, fan folded for tabbing. 30,000 per box. 13/16" Round or Square. Clear or White paper.

BRASS TIPPED SET SCREWS

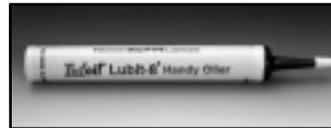

Used on collars and hubs to avoid marring slitter shafts. Many sizes available.

PLASTIC PILE SEPARATORS

• A MUST IN EVERY PRINT SHOP!

Assures a level stockpile of paper - prevents misses. Several sizes available.
5" Long x 1" Wide x 1" High
6" Long x 3/4" Wide x 1-1/4" High
8" Long x 3" Wide x 1" High

STITCHER HEAD TUFF OIL

This protective coating is slipperier than Teflon™, reduces friction and wear better than oil, and leaves no oily residue. 1/2 ounce tube.

DRILL-EASE LUBRICANT STICK

A dry stainless multi-purpose lubricant. 24 per Box or Individually.
Part Number - CH4688

SPRAYS AND SOLVENTS

SURE WASH - Cleaner for combination and urethane rollers. 1 gal can.

LOCTITE SAFETY SOLVENT - Cleans vacuum pumps and frees sticky vanes.

LOCTITE SUPER BONDER - Fast drying cold adhesive for joining endless belts. 1 oz.

SILICONE SPRAY - Spray wherever needed to reduce friction. 20 oz. can.

RENA CARE - Cleans and conditions rubber rollers. Removes adhesive and paper dust. 4 oz. bottle.

GENUINE BONE FOLDERS

For hand folding large sheets of paper. 7-1/2" long.

STOCK FANNING BONE

Fans stock for smoother feeding on folders with continuous feeders.

GLUE DOTS

1/2" diameter Glue Dots are a quick and easy method for attaching credit cards, business cards, coupons, and product samples to packaging or mailings!

KNIVES

Call **"The Source"** for High Quality Cutter Knives

We've selected our Cutter Knives for Toughness, Wear Resistance and Durability to assure that you maintain long term quality and economy. Compare our quality and prices!

QUOG ELLEX offers a broad selection of Knife Grades, so you can choose the right knife for every need:

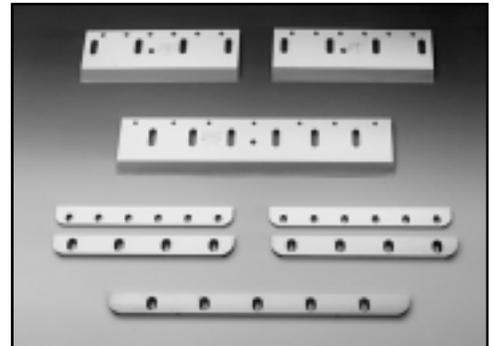

STANDARD INLAY - A hardened inlay bonded to a tough steel backing. Provides excellent performance and cost effectiveness without severe edge and face bow common on solid knives.

HIGH CARBON/HIGH CHROME - Widely used for lower knives in three knife trimmers, this grade has 12-14% chromium which provides excellent wear resistance and out performs standard steel 2 to 1.

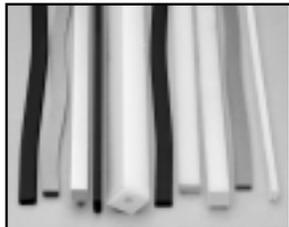

HIGH SPEED STEEL - Designed to be more abrasion resistant with an 18% tungsten steel inlay, this knife will substantially reduce downtime and guarantees three to five times longer life.

PLASTIC CUTTING STICKS

Our premium quality cutting sticks will extend knife life and produce cleaner cuts.

- Plastic or Rock Maple
- Imported Red Wavy Strips for Polar
- Hard Red Strips for 3-Knife Trimmers
- Available for Domestic & European Cutters

KNIFE HANDLES & SHEAR BOLTS

These sturdy handles are essential for providing safety when changing knives.

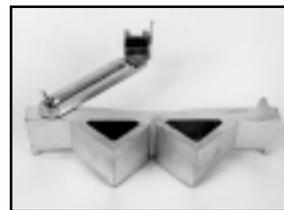

- Standard Fits 1/2"-12 & 1/2"-13 Threaded Knife Holes
- Metric Fits 10mm or 12mm for Polar Cutters
- Shear Bolts Available for Lawson & Polar Cutters
(State Machine Model When Ordering)

PLASTIC KNIFE GUARD

Engineered & manufactured from a high impact polymer for safety and security to machine operators and your valuable blades.

- Essential for 3-Knife Trimmers
- Made in USA
(Specify Length When Ordering)

CUTTER PAPER ANGULAR GUIDE

For printers that need to cut corners, this is the right little tool.

- Cuts on Any Angle From 0-170°
- Slides & Locks onto Back Gauge
- Cuts Corners, Tags and Shapes
- Very Easy to Use

PLASTIC JOGGER BLOCK

Durable Kimoplastic™ construction coupled with an aggressive magnetic base insures clean and precise jogging and alignment of stock.

- 3" High, 4" High, 5" High, 6" High
- Available in Various Lengths
- Made in USA

BACK GAUGE BOOK HOLD DOWNS

This is an essential tool to assure an even cut when trimming books on a guillotine cutter. Book Hold Downs attach to the Back Gauge and compress the spine of the books to assure a quality cut.

Part Number - CH5-7-M361

MAGNETIC CLAMP PAD

Protects carbon paper, NCR and other stock from clamp pressure damage. A heavy-duty cushioned pad laminated to a rubberized magnetic strip prevents unwanted marks on the valuable materials being cut.

- 2 Pads per Package - 3" Wide x 15" Long
- Made in USA

CUTTER CARE KIT

This kit provides everything necessary to clean and preserve cutter tables. Includes silicone release spray, rust remover and table wax.

Part Number - CH16077

HOHNER STITCHING HEADS

The Hot New High Performance **HOHNER** Heads Are Available Here!

According to our studies over 70% of "downtime" on High Performance Stitchers is caused by stitcher heads. The HOHNER Stitching Head is a major improvement in productivity, reliability & durability and is available now!

UNIVERSAL 43/6S

The newcomer to the Hohner stitching head family: The perfect combination of innovative design and traditional reliability.

1/4" thickness capacity, 1.69" min. center to center distance.* Speeds to 10,000 cph, loop or standard stitch. Wire sizes from #24 to #26 gauge round.

12mm crown.

* Minimum distance between staples (center to center) depends on thickness of work being stitched.

\$1145.00

- The smallest Hohner stitching head does not compromise on speed. It can easily work at 10,000 cycles per hour.
- Completely toolless adjustment of wire length and cutting box takes only seconds.
- The 43/6S features direct access to all adjustments. Mounts easily from the front.

Perfect for Those Tight Jobs!

This head is capable of closing the minimum distance down to an impressive 43mm (1.69") between centers.

UNIVERSAL 48/5S

Top quality at a reasonable price. A typical Hohner stitching head, it is reliable, accurate and long lasting.

1/4" thickness capacity, 1.89" min. center to center distance.* Speeds to 13,000 cph, loop or standard stitch. Wire sizes from #24 to #28 gauge round.

14mm crown.

* Minimum distance between staples (center to center) depends on thickness of work being stitched.

\$995.00

- A narrow stitching head for standard or loop stitching.
- Easily works at 13,000 cycles per hour.
- The 48/5S features direct access to all adjustments. Mounts easily from the front.

PLEASE NOTE: The 48/5S has been replaced by the 43/6S. We have a few remaining units of the 48/5S - Please Inquire.

Loop Stitch Head- **\$1250.00**
Loop Conversion Kit- **\$519.40**

Loop stitching of brochures

UNIVERSAL 52/8S

The best choice for really high speeds, Hohner's Model 52/8 is the most versatile of its stitching heads.

5/16" thickness capacity, 2.05" min. center to center distance.* Speeds to 20,000 cph, loop or standard stitch. Wire sizes from #24 to #28 gauge round.

14mm crown.

* Minimum distance between staples (center to center) depends on thickness of work being stitched.

\$1405.00

- The Hohner 52/8 stitching head has a full 5/16" stitching capacity.
- Low spare parts consumption.
- Solid construction based on 40 years of experience.
- Exchange parts available for flat wire.

Loop stitching of brochures

Loop Stitch Head 6mm- **\$1555.00**
Loop Stitch Head 8mm- **\$1670.00**
Loop Conversion Kit 6mm- **\$750.00**
Loop Conversion Kit 8mm- **\$820.00**

HOHNER STITCHING HEADS

UNIVERSAL M45/6 FOR MULLER MARTINI MACHINES

The newcomer to the Hohner stitching head family: The perfect combination of innovative design and traditional reliability.

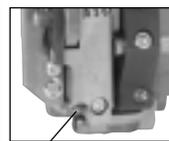

1/4" thickness capacity, 1.75" min. center to center distance.* Hohner replacement head for Muller-Martini™ HK55 and HK75 stitching heads. Wire sizes from #24 to #28 gauge round.

12mm crown.

* Minimum distance between staples (center to center) depends on thickness of work being stitched.

\$1990.00

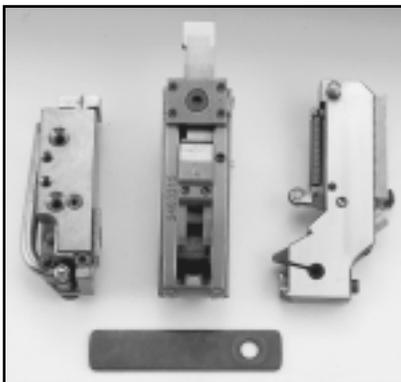

- Manual wire feed allows for quick set-up without cycling the machine.
- Wire supporter for thin books (0-3mm).
- Close 1.75" minimum center to center distance between stitches.

Wire Straightener

Unique Hohner Wire Straightener

- Increases reliability
- Prevents jamming

WE ARE THE EXPERTS ON McCAIN STITCHERS - Whatever you need for McCAIN we probably have it ... on the shelf!

- **Parts In Stock for Immediate Delivery!**
- **We Manufacture & Exclusively Sell the *QUOG* Stitch Centering Device - Don't Run Without One!**

McCAIN POCKET PARTS

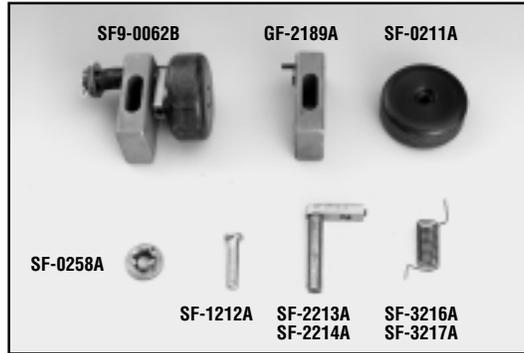

GRIPPERS & GRIPPER SEATS

PART #	DESCRIPTION
SF-1255A	UPPER CYLINDER GRIPPER
SF-1124A	LAP CYLINDER GRIPPER
SF-0135A	OPENING CYLINDER GRIPPER
CF1-0150A	COVER FEEDER GRIPPER
SF-0976A	UPPER CYLINDER GRIPPER SEAT
SF-2121A	LAP CYLINDER GRIPPER SEAT
SF-2133A2	OPENING CYLINDER GRIPPER SEAT
CF1-0396A	COVER FEEDER GRIPPER SEAT
CF1-0397A	COVER FEEDER GRIPPER SEAT

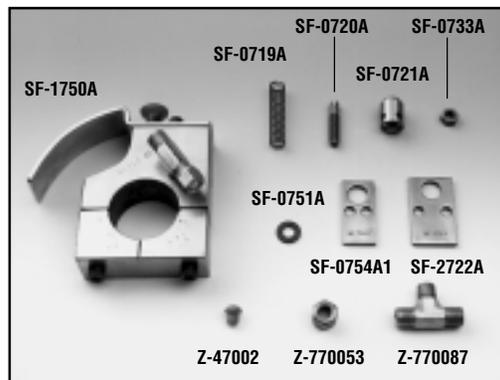

FRONT GAUGE ROLLERS

PART #	DESCRIPTION
SF9-0062B	RH FRONT GAUGE ROLLER ASSEMBLY
SF9-0062B1	LH FRONT GAUGE ROLLER ASSEMBLY
GF-2189A	FRONT GAUGE ROLLER BRACKET
SF-0211A	FRONT GAUGE ROLLER
SF-0258A	SPRING NUT
SF-1212A	FRONT GAUGE ROLLER STUD
SF-2213A	FRONT GAUGE ROLLER LEVER
SF-2214A	FRONT GAUGE ROLLER LEVER PIN
SF-3216A	LH FRONT GAUGE SPRING
SF-3217A	RH FRONT GAUGE SPRING

VACUUM OPENER PARTS

PART #	DESCRIPTION
SF-0719A	SUCKER SPRING
SF-0720A	SUCKER TUBE
SF-0721A	SUCKER PISTON
SF-0733A	SUCKER TUBE NUT
SF-0751A	PISTON SPACER
SF-0754A1	PISTON BACK-UP PLATE
SF-2722A	PISTON BACK-UP PLATE
SF-1750A	SUPPORT FIN & RETAINER
Z-47002	M43 RUBBER PLUG
Z-770053	61F IMPERIAL BRASS NUT
Z-770087	72F IMPERIAL BRASS "T"

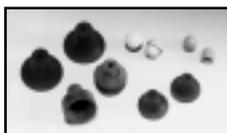

SUCKERS & SUCKER CAPS

PART #	DESCRIPTION
Z-47001	SMALL - STANDARD WORK 1000/BAG

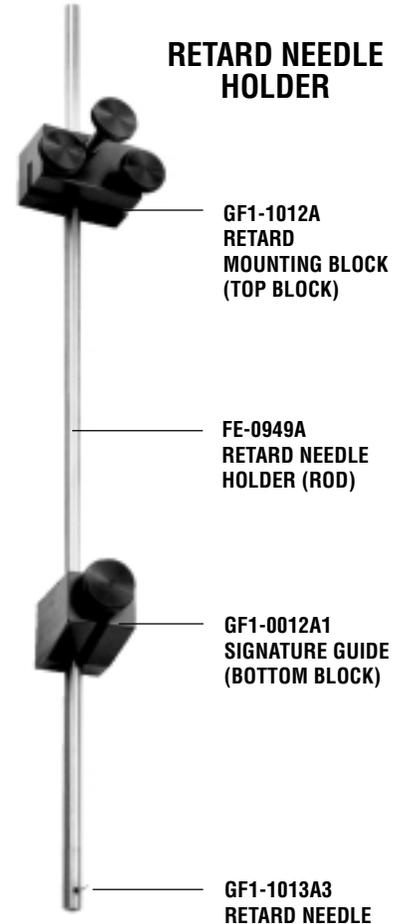

PART #	DESCRIPTION
Z-47028	LARGE - THICKER BOOKS
Z-4704	FLEX - THIN LIGHT WORK
Z-29305	YELLOW SUCKER CAP
Z-47002	WHITE VACUUM PLUG

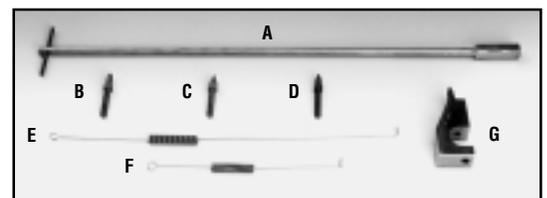

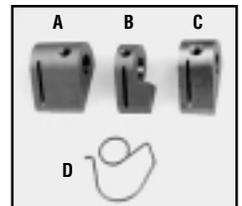

VACUUM HOSE

PART #	DESCRIPTION
Z420006	VACUUM HOSE 50'/BOX

RATCHET PAWLS

PART #	DESCRIPTION
A) FB-0021A	RATCHET PAWL
B) GF1-0126A	RATCHET PAWL
C) SF-1157A	RATCHET PAWL
D) SF-0159A	RATCHET PAWL SPRING

GOVERNOR PINS, SPRINGS & WRENCH

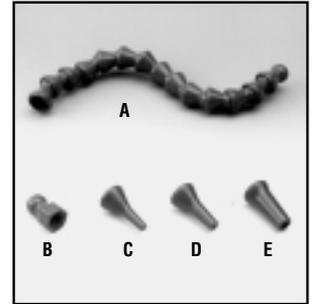

PART #	DESCRIPTION
A) GF-0270A	GOVERNOR PIN WRENCH
B) SF-0162A4	BLUNT GOVERNOR PIN (THICK WORK)
C) SF-1162A	SHARP GOVERNOR PIN (THIN WORK)
D) SF-1162A2	MEDIUM GOVERNOR PIN
E) AB-1476A	10" GOVERNOR PIN SPRING
F) SF-0163A	5-1/4" GOVERNOR PIN SPRING
G) SF-1256A	AUXILIARY GOVERNOR PIN HOLDER

CLUTCH PARTS

PART #	DESCRIPTION
MT1-0233B	CLUTCH HUB 1-3/4" ID
AB-3171B	CLUTCH HUB 1-15/16" ID
MT-2402B	CLUTCH HUB 1-15/16" ID
SF-2537A	CLUTCH HUB 1-15/16" ID
SF-3537A	CLUTCH HUB 2" ID
SF-3531A	CLUTCH LEVER
SF-1535A	CLUTCH ROLLER STUD
CR-12	3/4" CAM FOLLOWER
SF-1534A	CLUTCH LEVER STUD - HARD
SF-2534A	CLUTCH LEVER STUD - SOFT

LOCKLINE FLEXIBLE BLOW AIR

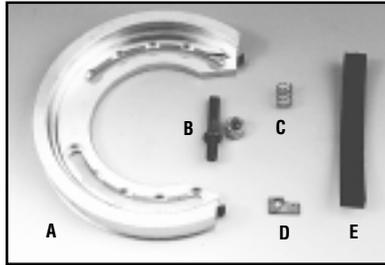

- Won't kink or fatigue like copper tubing.
- Repeated adjusting is easy - Stays in position with no springback.
- The unique ball & socket design makes length adjustments a "snap"!

PART #	DESCRIPTION
A) LL-41401	BLOW AIR LINE PER/FT.
B) LL-41414	FLARE NUT ADAPTER
C) LL-41402	1/16" NOZZLE
D) LL-41403	1/8" NOZZLE
E) LL-41404	1/4" NOZZLE

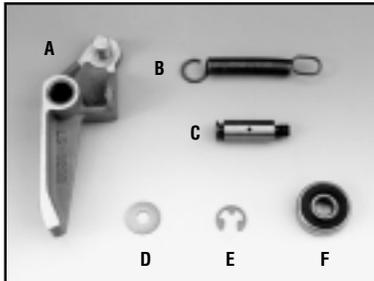

OPENING CYLINDER TIRE HOLDER

PART #	DESCRIPTION
PK-0014A	FOAM RUBBER TIRE ASSEMBLY
A) GF1-1654B	TIRE RETAINER
B) GF1-1652A	SHOULDER SCREW STUD W/NUT
C) Z-240192	SPRING
D) GF1-656A	TIRE CLAMP
E) Z-4702	5/8" FOAM RUBBER - 10' ROLL

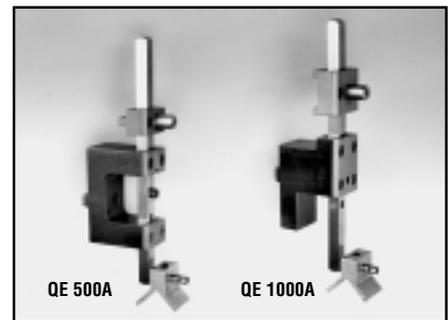

PK-0014A COMPLETE ASSEMBLY
(Contains All of The Above Parts)

STITCHER PARTS

GRIPPER CARRIAGE PARTS

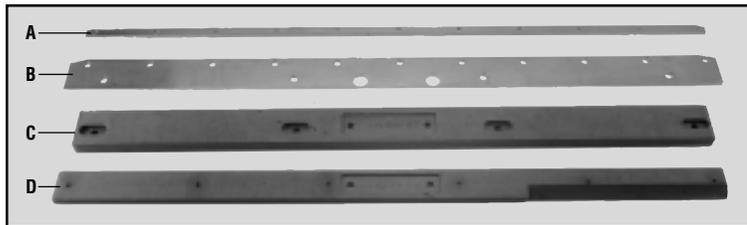

REF.	PART #	DESCRIPTION
A)	LS-0026B	GRIPPER FINGER
B)	LS-0027B	GRIPPER SPRING
C)	LS-0029B	GRIPPER STUD
D)	HS-0146B	GRIPPER STUD WASHER
E)	Z-21010003	RETAINING RING
F)	Z-3501004	BEARING

QUOG STITCH CENTERING DEVICES

- Prevents "Roll Over" - Assures Stitching on the Center of the Spine.
- Reduces Setup Time - Improves Stitching Quality.

PART #	DESCRIPTION
QE 500A	USED WITH 26D TYPE STITCHER HEADS
QE 1000A	USED WITH 18D TYPE STITCHER HEADS

CF1-1148A SQUEEZE ROLLER

SOLENOIDS

PART #	DESCRIPTION
Z-1610021	STOP STITCH (CR9500B102A2A)
Z-1610023	CALIPER (CR9500B102B2A)
Z-1630032	COIL ONLY

GATHERING CHAIN V-ROLLER & BRUSH ASSEMBLIES

PART #	DESCRIPTION
HS-463A3	V-ROLLER ASSEMBLY
HSA-153B	BRUSH ASSEMBLY
HS-0466B	SADDLE V-ROLLER - 2-1/4"
HS-0447A	FACE PLATE V-ROLLER - 1-7/8"
LS-0237A	FACE PLATE V-ROLLER - 1-3/16"
SF-0259A	REPLACEMENT BRUSH ONLY

McCAIN CHAINS

GATHERING CHAIN, RAILS & PINS: for McCAIN, HARRIS, MACY, SHERIDAN

Replacing a Bindery Gathering Chain is one of the most expensive repairs in the Bindery. Our **High Quality** chain will literally **SAVE YOU THOUSANDS of DOLLARS**. All the bindery chain we sell must meet our rigorous standards and will meet or beat manufacturer's specs.

To determine length for price quotation, count the number of chain pins and multiply by the spacing between the pins. If you replace your chain, don't forget to check the rails. Start from the stitcher and work back.

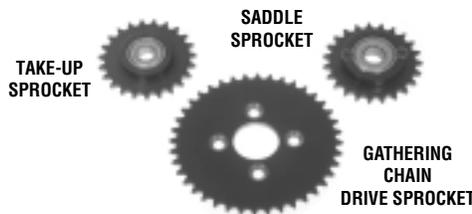

When you replace your chain, don't forget to check the rails & sprockets!

GATHERING CHAIN RAILS

PART #	SIZE	DESCRIPTION
LS-0228B	14"	FOR STITCHER
LS-0390B	57-1/4"	FOR CALIPER
HS-2302B3	29-7/8"	FOR COVER FEEDER
HS-2303B*	70"	FOR POCKETS

*USE AS MANY 70" RAILS AS NEEDED AFTER CALIPER OR COVER FEEDER TO REACH THE END OF THE MACHINE.

CHAIN PINS

PART #	DESCRIPTION
HS-0353B	STEEL
HS-0353U	URETHANE

McCAIN INFEED AND TRIMMER CHAINS

INFEED CHAINS

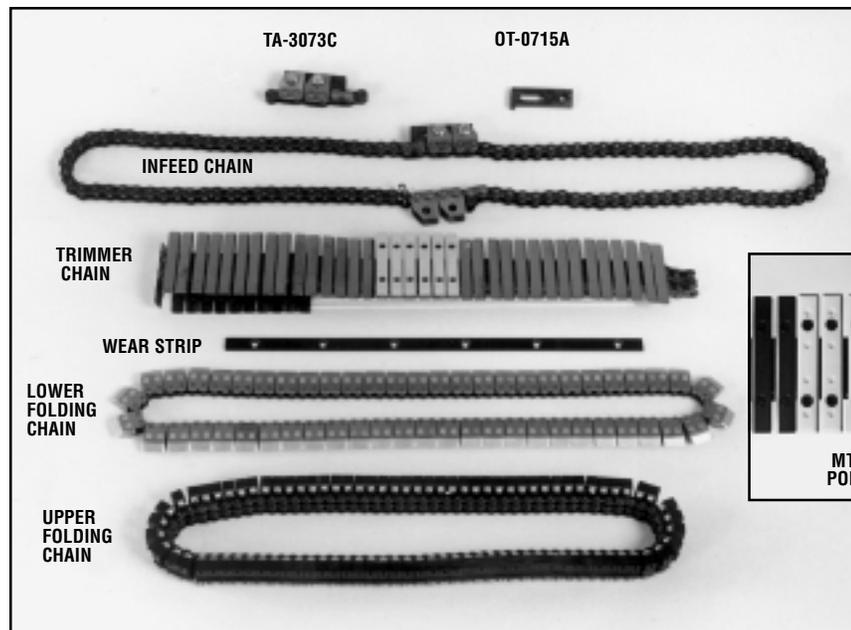

PART #	DESCRIPTION
TA-3073C	ASSEMBLED SOFT TOUCH PUSHER
OT-0715A	PLASTIC PUSHER ONLY
TA-0421A	3-LUG INFEED CHAIN
TA-1874A	4-LUG INFEED CHAIN (WEAR STRIPS AVAILABLE)

TRIMMER CARRIER CHAIN & WEAR STRIP KITS

PART #	DESCRIPTION
PK-0023A	MT/MTL - SPEEDBINDER KIT
PK-0024A	MTA, 1500/1800 - AFTER 1975
PK-0026A	MTC, 2000
PK-0027A	OT, 3000 HIGH SPEED TRIMMER
MT-1545A	POLY PAD ONLY

COVER FEEDER FOLDING CHAINS

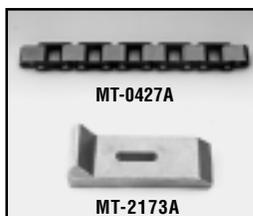

PART #	DESCRIPTION
CF1-0298A	LOWER FOLDING CHAIN
CF1-0299A	UPPER FOLDING CHAIN

STILL AVAILABLE!

INFEED BLOCK CHAIN AND PUSHER

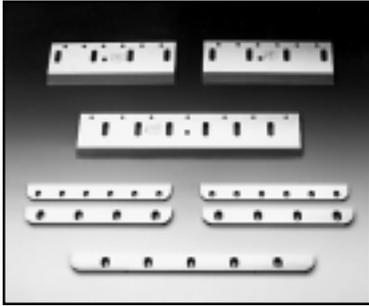

PART #	DESCRIPTION
MT-0427A	BLOCK CHAIN
MT-2173A	ALUMINUM PUSHER

FRONT KNIFE INFEED PUSHER

PART #	DESCRIPTION
MT5-0351B	PUSHER FINGER HOLDER
TA-0029A	PUSHER FINGER

McCain Knives and Trimmer Parts

KNIVES

PART #	DESCRIPTION
MT-1088C	UPPER SIDE KNIFE
MT1-1525C	UPPER FRONT KNIFE
MT1-0676B	LOWER SIDE KNIFE
MT-0095B	LOWER SIDE KNIFE
MT1-0521C	LOWER FRONT KNIFE

4/45 KNIVES

PART #	DESCRIPTION
CK-1864C3	1/4" PUNCH CUT KNIFE
CK-1864C	5/16" PUNCH CUT KNIFE
CK-0865LC2	LOWER LH KNIFE
CK-0865RC2	LOWER RH KNIFE

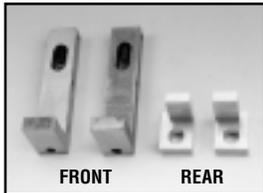

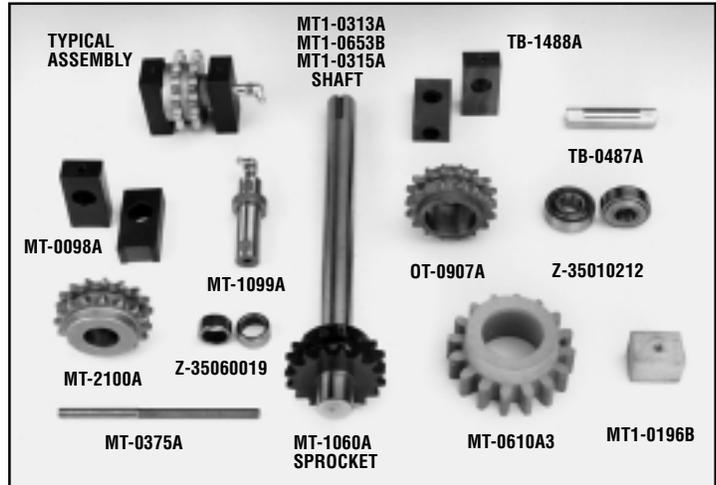

KNIFE SHIM KITS

Used for setting lower side knives in 3-knife trimmer.

PART #	DESCRIPTION
Z-29562	USED W/6-HOLE KNIVES
Z-29563	USED W/4-HOLE KNIVES

Try Our Top Quality Stitching Wire from Our Own Wire Mill

**From
Raw Wire
To
Your
Order**

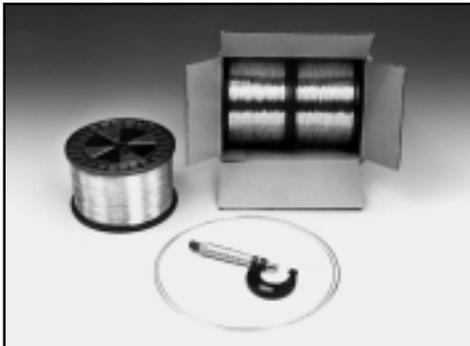

The Wire Making Process

Raw Wire

When manufacturing wire, the end result is only as good as the raw materials used. With this in mind, we use what we consider to be the finest raw wire available for our purposes. The wire we have chosen, and have been running very successfully for years is a medium density, galvanized high quality wire imported from Europe. Importing wire may be considered somewhat expensive, but quality is our first consideration, and we are willing to go to great lengths to provide our customers with the best possible product.

Drawn To Specification

The process of manufacturing wire requires exact tolerances. The wire is drawn through a series of dies, each die being slightly smaller than the previous die. Through this process, the wire rod is actually “stretched” to the proper diameter. Finally, the wire is drawn through diamond finishing dies to the precise tolerance.

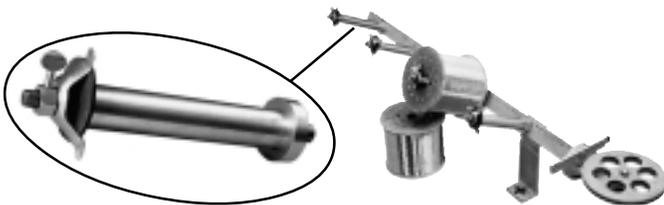

Quality Control

In order to produce a quality product, quality control is essential. Our wire is checked frequently during the manufacturing process. Tests are made for cast, tensile strength, color, size and spooling. Each of these tests is performed at regular intervals during the course of a day. You can rest assured that **QUOG ELLEX** sells only the highest quality wire available!

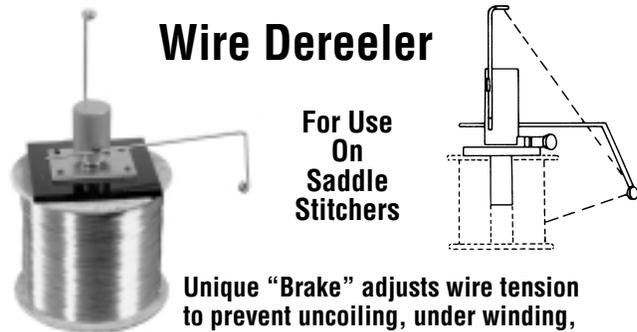

Pay-Off Devices for Controlled Wire Flow

Wire Spool Conversion Posts

Specially designed post enables you to convert to 35 lb. spools on the wire rack.

Wire Dereeler

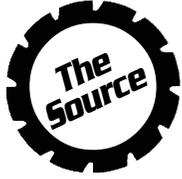

For Use
On
Saddle
Stitchers

Unique “Brake” adjusts wire tension to prevent uncoiling, under winding, tangles and kinking - common problems with non-braking Dereelers.

SUPERIOR STITCHING WIRE

FROM THE STITCHING EXPERTS

QUOG ELLEX
is
"The Source"

QUOG ELLEX meets your stitching wire requirements by providing a wide variety of sizes, tempers & finishes. Once manufactured, the surface & finish qualities are protected & preserved by our special **PRE-LUBRICATION PROCESS**.

This technology will improve production, by providing smoother running, less "kinking" & fewer head problems.

- All Sizes of Flat & Round Wire ... from 18 to 28 Gauge
- Silver and Copper Color Finishes
- Spool Sizes of 3, 5, 6, 10, 30, 35, 70 and 250 lbs.
- Competitive Pricing and Quality Service for Small and Large Users of Stitching Wire

Our three "Hardness" levels make a big difference - giving you the penetration, stitch durability and ease of production you need:

Standard Wire - Easy to run, easy to work, easy on your stitcher head.

High Carbon Wire - This durable wire maintains its flexibility and is great running on all sizes - including thicker books.

Triple XXX Wire - THE WIRE for high production applications on thicker books. If you haven't tried this wire, call us immediately!

SPECIALTY WIRE ALSO AVAILABLE!

- Tinned • Stainless Steel • Copper Finish • Colored Wire

OLDEN COUNTERS

Digital Electronic Counters

These reliable and simple to operate counters offer an affordable tool to increase efficiency.

- No Moving Parts
- Simple Installation
- Bright L.E.D. Readout
- Infrared Sensor with Sensitivity Control
- Works with all Folders, Stitchers, Mailing, Inserting & Packaging Machines

Three Models Available:

Model TC Counter - Provides accurate total counts.

Model RTC Counter - This counter has a display which can be switched between total count and rate per hour.

Batch Counter - Will totalize and "kick out" (separate the batch) the amount you set, and also provides you with production rates for the machine. Different batch outputs are available depending upon machine model.

MICROGLUE COMPLETE KIT

The Ultimate Bindery Accessory

Printers and binderies looking for a competitive edge should take a very good look at the high quality and productive options of the Microglue Gluing System.

- Fold & Bind in One Operation
- Eliminate Wire Stitching
- Bind 8, 12, & 16 Page Booklets During Folding - Without Reducing Machine Speed
- Produce These Special Applications - Mailers, Glued Pockets, Wallets.
- Does Spot Gluing

Microglue Fits All Folder Makes & Models

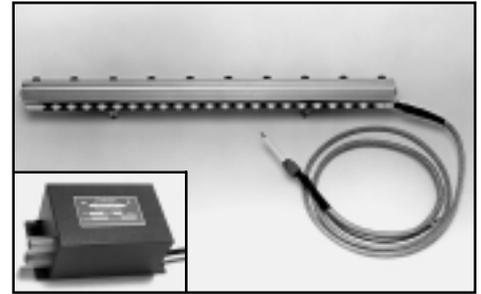

Add our high-performance microglue® system to your folder and enjoy the added value and process benefits associated with gluing.

Complete Kit Consists of:

These systems come complete with our 204 Pattern Controller, Optical Sensor, Encoder, Stainless Steel Adhesive Delivery System, HP Applicator Valve, Cables and Mounting Brackets.

A super presentation without ever going to a stitcher or outside bindery.

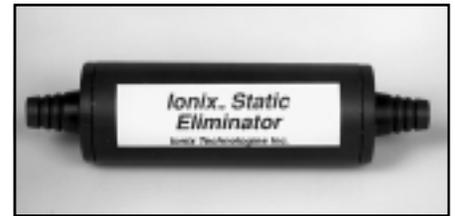

*See Roller Section on Page 18 for segmented rollers used for gluing.

STATIC ELIMINATORS

This permanent replacement for Static Tinsel or Spray will assure you win the battle against static. Watch your folder production improve.

- Eliminate Misfeeding & Doubles
- Cost Effective
- Easy to Install
- Reduces Downtime
- Increases Production

IONIX™ STATIC ELIMINATOR

INSTALLS IN MINUTES!

- Run Paper, Plastic & NCR Without Jams
- Run Coated Stock as Easily as Uncoated Offset

THE FIRST JOB PAYS FOR IT!

GUMMED TAPE DISPENSERS

MODEL 333

- Up to 30" per Stroke
- Preset Length Control
- Regular & Reinforced Tapes from 1.5" to 3"
- All Steel Construction

MODEL 404

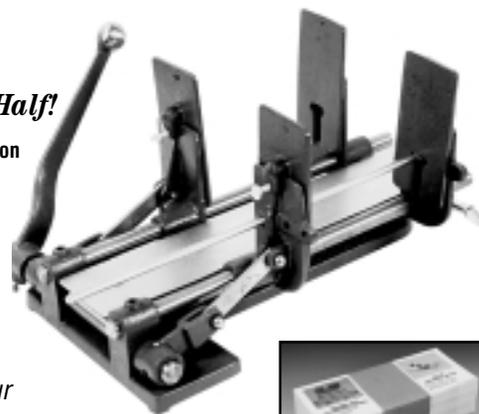

- Automatically Cut Lengths from 2" to 8" per Stroke
- Preset Length Control
- Takes Tapes to 1.5" wide

SIGNATURE BANDING PRESS

Cuts Banding Costs in Half!

- High Quality Packing Presentation
- Won't Cut Into Finished Product
- Cuts Shipping Costs & Damage
- Flat Even Stacks, No Curl
- Low Material Cost

This quality high-speed Banding Press can give your jobs the production edge you need and the professional look that clients really appreciate.

FAST, NEAT BUNDLES!

The Signature Press Uses Cohesive Bands:

Call QUOG for pricing & available band sizes!

- No Tape
- No Release Paper
- No Mess!

SCORING ATTACHMENTS

WETTERS - A Winning Score

A little water and alcohol in the right spot will help create the proper folder score.

THE HYDRA SCORE

Can Run Up to 4 Wetter Lines.

- **Faster Set-Up**
- **Sharper Cleaner Fold**
- **Can Easily Be Moved from Folder to Folder**
- **Reduces Cracking & Splitting on Dry Paper**

Includes: Bottle, holder, two water score arm assemblies and three sizes of needles for different applications.

(Mounting bar separate - needed on some Stahl models.)

LETTERPRESS QUALITY SCORE SYSTEM- Stahl, MBO, Roto-Crease

Male/Female Collars allow a perfect score without cracking. Adjusts for different thickness of various cover stocks. Allows you to score and fold, at the same speed as folding.

- **Prevents Cracking**
- **Score & Fold in One Step**

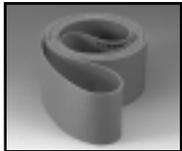

ECONOCREASE

Scores & Perforates

Econocrease scores stock without "deflecting" for near perfect register.

- **Provides a True Fiberstretch Score to Eliminate Cracking**
- **Handles Heavy Critical Stocks**
- **Perf, Score & Fold in 1 Operation**

FOLD ROLLERS

NEW!

TIGER GRIP Spiral Rollers

1/8" wide steel knurl x 3/8" molded-in polyurethane.

- **New Spiral Patterns Available For Any Folder**
- **Regrinding Of Your Present Spiral Rollers Also Available**
(Performed to true up and extend the life of your existing rollers)

ROLLERS TO FIT MBO*

Model	Price
B115, B18, B118, B20, B120, B21	\$ 300.00
T49	320.00
B23, B123, B26, B26S, T65	335.00
B30, B32S	370.00
Roller Regrinding (any size)	65.00

*MBO is a registered trademark

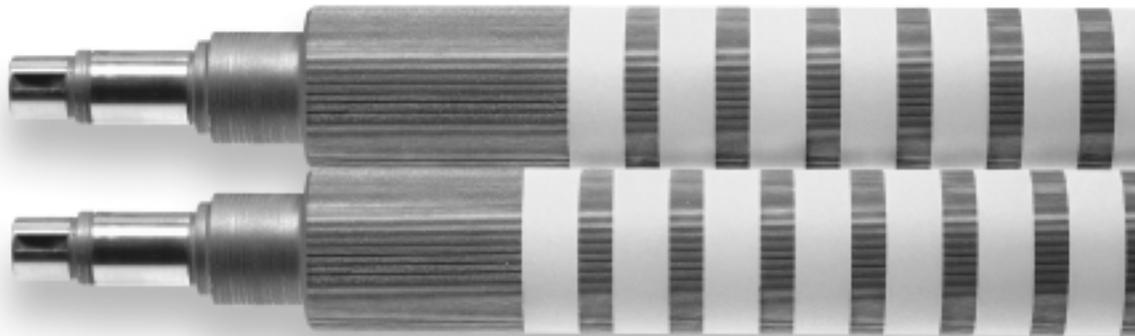

Popular in late model folding machines, the spiral roller helps to flatten the sheet, avoiding wrinkles as the paper goes through the folding process. This occurs because the spirals move in opposite directions on opposing rollers.

Overlapping Soft Polyurethane Rollers - best for aqueous coated stocks

- The overlapping design insures maximum gripping ability.

ADDED BONUS

During operation, centrifugal force further expands the polyurethane creating extra grip.

• 15mm Soft Poly Foam x 9mm Knurled Steel = 3mm overlap

QUOG Segmented Rollers - a must when you glue and fold!

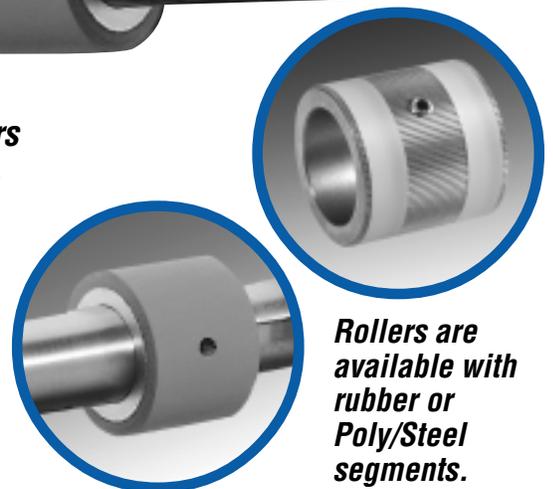

- **Works as a regular roller**
- **Compatible with existing rollers**
- **Easily adjustable collars**
- **Works with multiple glue lines**

Used for gluing operations, these specialized rollers allow you to move glue lines anywhere on the roller. Segments lock in place with a set screw.

How Many Segmented Glue Rollers?

When spot gluing on the register table for a letter fold, a minimum of three segmented glue rollers are required. Although the signature closes between the 4th and 5th roller, a glue relief is still required. This avoids squeezing the glue into the signature.

Rollers are available with rubber or Poly/Steel segments.

RECOVERY AND REBUILDING KITS

Recover your current rollers the **Tiger Grip™** way!

Not all recovery is the same. Only Tiger Grip™ Rollers have molded polyurethane segments. The next best thing to replacing your current rollers is to have them remolded - the Tiger Grip™ way. Tiger Grip™ “recoats” provide the advantages of this new process - at a low cost. Call us with the details regarding your present rollers for a quote over the phone.

Roller Recovering Includes:

- *Inspection and straightening*
- *Stripping worn rubber and remolding with urethane*
- *Regrinding to factory specifications*

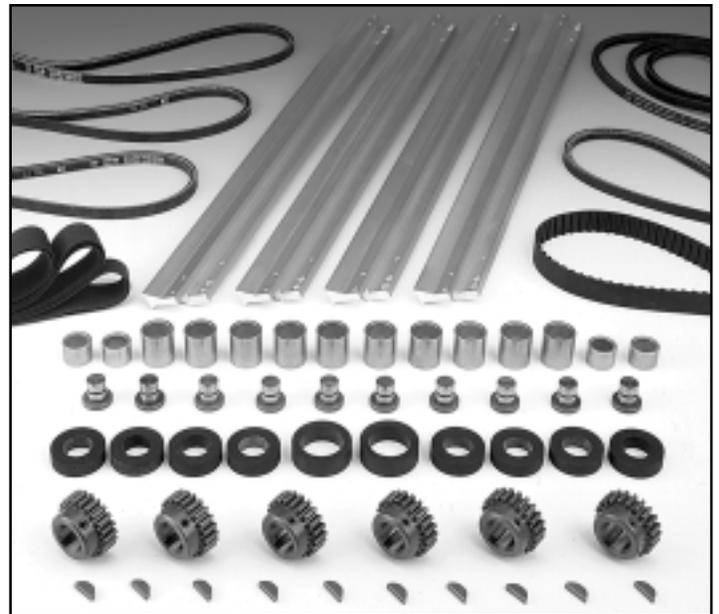

QUOG ROLLER REBUILD AND ROLLER SERVICE KITS

Quog stocks a complete supply of parts associated with servicing or replacing fold rollers. Choose our convenient repair kits, or individual parts, to suit varying service or budget requirements.

Roller Service Kit -
Contains bushings, gears and keys.

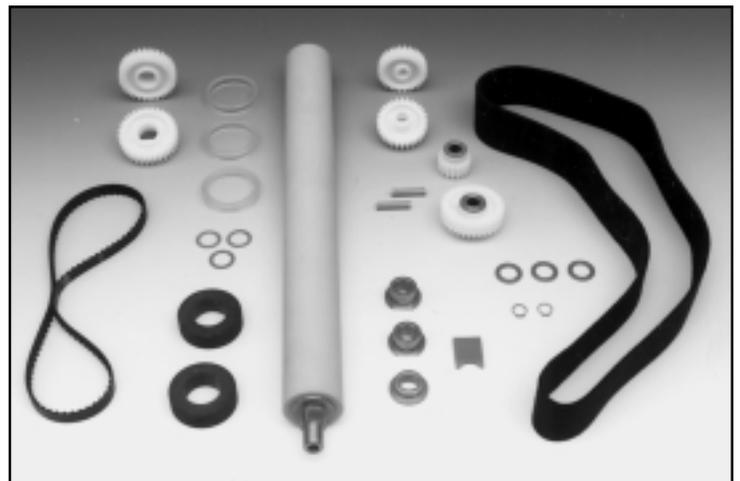

Roller Rebuild Kit - Contains bushings, gears, eccentrics, deflectors, register tapes, tires, V-belts and keys.

Now we are also “**The Source**” for **Tabletop Rebuild Kits!**

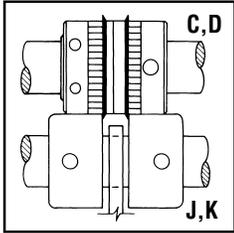

Competitively priced to restore machine performance for thousands less than a new machine! Contains as many parts as our “Floor Model” Rebuild Kits.

- Increase Production
- Cost Effective
- Easy to Install

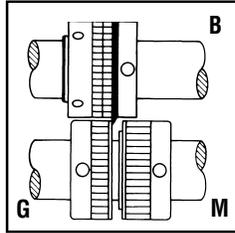

Over
65
parts!

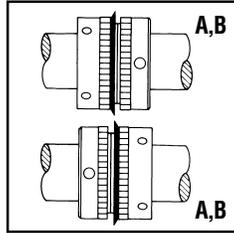

QUOG ELLEX has the right collars in stock for all of your needs and applications including:

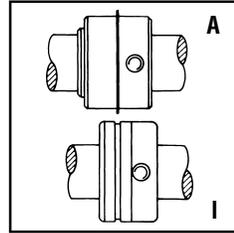

Center Trimming

PERMA LUBE CARTRIDGE

For use on late model Baumfolders, this pressure activated canister of **white** grease maintains constant lubrication until depleted.

\$40.00

Cartridges dispense grease over a six or a twelve month period. Specify activator screw when ordering:
RED = 6 Months - Part #QBM1267
GREY = 12 Months - Part #QBM1266
 (FAA Regulations require ground shipment only)

DRILLING - DRILL BITS & BLOCKS

DRILL BITS & MORE...

- COMPETITIVE PRICING
- MIRROR FINISH
- DRILL BITS FOR ALL MODEL DRILLS

CHALLENGE • LAWSON • NYGREN-DAHLY • SEYBOLD • PIONEER • SPINNET

Many DRILL BIT manufacturers make claims about their products. At **QUOG ELLEX**, we make sure we're familiar with how products run and their durability before we offer them to you. We feature only the finest grade of regular and Teflon™ Coated Drill Bits.

TEFLON™ COATED — THE ULTIMATE DRILL BITS!

- CUTS CLEANER HOLES & STAYS SHARP LONGER
- WORKS BETTER ON VARNISHED OR LAMINATED STOCK
- RUNS SMOOTHER FOR LESS FRICTION & LESS BREAKAGE

- 3/4" x 2-3/16" Dia. Round

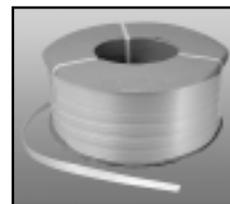

Spinnet

- 5/8" x 2-3/8" Dia. Round

DRILL-EASE LUBRICANT STICK

- A dry stainless multi-purpose lubricant.
- Recommended for use on hollow drills when drilling clay coated stocks.
- Eliminates binding and excessive heating of the drill.
- Will not discolor stock.

SPECIAL DRILL TAPE

Indexing drill stick for fully automated Lawson "Classic" drilling machines.

3/4" x 4600 ft. Rolls
Weight per Roll: 33 lbs.

Part #11902

Special Replacement Backing Stick - used with drill tape on in-line drills. Part #C10932 \$145.00

DRILLING - DRILL BIT SHARPENERS & DRILL HEAD ACCESSORIES

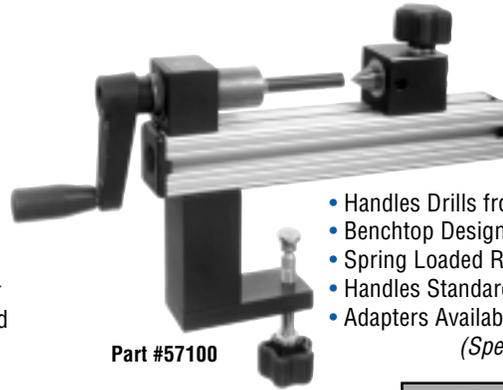

Sharpen drill bits in seconds to keep production flowing.

HAND SHARPENER

With Single Flute Carbide Reamer - Part #DS-1F
 With Three Flute Carbide Reamer - Part #DS-3F

- Handles All Sizes of Drills from 1/8" to 1/2"
- Pays for Itself Many Times Over Through Longer Drill Life
- Self Centering Sharpening Bit Exactly Meets Drill Bit Center
- Carbide Sharpening Bit is Easily and Economically Replaced
 (Specify Drill Type When Ordering)

Part #57100

CHALLENGE HANDY-SHARP

- Handles Drills from 1/8" to 1/2"
- Benchtop Design is more Economical than Electric
- Spring Loaded Reamer Eliminates Flaring of Bit
- Handles Standard and Long Drill Bits
- Adapters Available for Lawson & Nygren-Dahly
 (Specify Drill Type When Ordering)

FOR BEST RESULTS - KEEP DRILL BITS SHARP!

QUOG ELLEX offers a variety of high quality carbide reamers to accommodate almost any sharpening device.
